

2020 v-USBands Participant Guide

INTRODUCTION TO v-USBANDS

Welcome to the inaugural v-USBands season! Since its first event in 1988, USBands has supported the development of scholastic performing ensembles through exceptional service, adjudication and venues. The USBands organization has been dedicated to serving the music education community no matter the challenges with a willingness and ability to pivot to address the needs of educators and students. In 2020, USBands has once again adapted its model to create **v-USBands** to provide meaningful performance opportunities for students and quality assessment to help educators improve their programs.

Our overall guiding principle is to provide ensembles, regardless of style, size, and experience, an opportunity to be successful, thus positively complementing the benefits students experience with their involvement in scholastic music. The regulations that govern USBands' events are minimal by design. USBands prides itself on a user-friendly approach to support and service, in which directors and performers can fully enjoy the performance process without the concern of punitive rules and penalties.

As a director, instructor, or supporter of a participating ensemble, please familiarize yourself with the material in this Guide so you're able to take full advantage of everything USBands has to offer.

Thank you for joining USBands to celebrate our 32nd year of service in support of music programs across the nation. Best wishes for a great year!

HISTORY

The organization now known as USBands was founded in the fall of 1988 by The Cadets Drum & Bugle Corps, with a single competition held in the former Giants Stadium in the Meadowlands of New Jersey. Now in our 32nd season, the USBands calendar includes more than 100 local, state and regional events across the country, concluding with two National Championship events in November. With over 600 ensembles participating in fall events across 17 states, USBands has grown to become the largest independent scholastic music organization in the nation.

In addition to marching events in the Fall, USBands offers an Indoor Color Guard and Percussion circuit through the winter/spring. Other programs include student leadership workshops, adjudicator training seminars, other educational opportunities for music programs, and presentations to boosters.

PHILOSOPHY

Our focus is centered on the educational development of today's students into tomorrow's leaders, using the performing arts to provide opportunities for hands-on, interactive learning and achievement. By providing support and performance opportunities for students, we serve your educational mission and help raise awareness to the importance of scholastic performing arts programs.

GOALS

- To keep music educators engaged with the reason they originally became educators – the students.
- To create an atmosphere whereby music educators can use music to teach life lessons such as discipline, perseverance, and commitment to excellence.
- To provide high-quality, educational and positive performance opportunities for students.
- To provide instructional support for ensemble directors and staff.
- To provide constructive and consistent evaluation and adjudication.
- To support music education by generating popular interest in scholastic performing arts performance and competition.
- To promote innovation, creativity, and growth for ensembles around the nation.

Any regulations outlined in the following pages are designed not to restrict, but rather to enhance the overall experience for our participating students. The USBands adjudication system places emphasis on music and performance over design and visual components. While every aspect of performance is taken into consideration, this emphasis ensures that the performers are rewarded for their own achievement on the field.

VIDEO SUBMISSION CYCLE OVERVIEW

REGULATIONS

STUDENT ELIGIBILITY

USBands encourages participation by any student within their music program, as long as the student is in good standing as determined by each school's extracurricular activity policy. Participants must be full-time 6-12 grade students and enrolled in their area's school district.

CLASSIFICATION – GROUP SIZE

USBands classification for participating ensembles is based on the total number of performers, not the size of the student population at their school. **This count includes playing members, auxiliary (color guard, majorettes, etc.), and command personnel (drum majors, guard captains, etc.).** This does not include members of an American Flag Section or Honor Guard when these members do not move or otherwise add to the effect of the program. Ensemble sizes are grouped as follows:

Division 1 26-50 Members

Division 2 51-80 Members

Division 3 81+ Members

Additional Divisions may be added to the **v-USBands** platform based on the number of submissions per Division or can be modified on a State or Regional basis to ensure balanced participation and adjudication. Any changes to the Marching Band Divisions will be communicated via email to registered bands and updated in the Participation Guide on or about September 15, September 29 and October 20.

A USBands official will conduct an independent count to confirm the number of performers in each ensemble is accurate.

USBands reserves the right to reclassify ensembles based on the data collected via submission. If it is determined that reclassification is needed, a written notice will be generated by the USBands office.

RULES OF PERFORMANCE

MARCHING BAND PERFORMANCE AREA

The performance area will be a regulation size football field, 300 feet wide by 160 feet deep, marked in 5-yard intervals from goal line to goal line. The ensemble may start or conclude its performance anywhere on or off the competition field. **There are no boundary penalties.**

VIDEO SUBMISSION

Performance for all non-Creative Class individuals, ensembles and bands will be a single unedited video, shot focused on the performers – simply recorded and not enhanced.

Creative Class individuals, ensembles and bands can utilize a full range of editing and audio/video effects.

EQUIPMENT – USE

There are no restrictions on the number or types of electronic music, instruments or amplification systems that may be used. This includes any use of voicing/singing, sampling, or other uses related to the performance of pre-recorded digital media. If there is a concern regarding the integrity of live performance, the USBands office will communicate the concern to the director.

EQUIPMENT - PROHIBITED

In accordance with the traditional USBands guidelines, the use of motorized vehicles during the performance is prohibited and motorized vehicles may not drive onto the performance field. The use of drones in and around the performance area and venue is prohibited. However, the use of such devices as part of the Creative Class (such as drones to video the performance) would be permitted with prior written approval from the participating school's administration and ensuring that all safety protocols and local laws are observed.

The use of fire extinguishers, water that comes in contact with the field surface when used as a prop, animals, and/or pyrotechnics (including fire batons) are prohibited at all USBands events. This also includes the release or use of all materials that may result in debris on the field. However, the use of such devices as part of the Creative Class would be permitted with prior written approval from the participating school's administration and ensuring that all safety protocols and local laws are observed.

Failure to comply with these standards would result in the submitted video being rejected and appropriate fees returned.

EQUIPMENT –THE AMERICAN FLAG

If an ensemble chooses to display the American Flag, all the respect, etiquette and dignity traditionally afforded our national emblem must be shown.

CAPTION AWARDS
